DESCRIPTION

The Laptop Prop Is The Top Prop To Prop Your Laptop. Try to say that 3 times fast...You deserve the best in ergonomics when it comes to using a laptop in the workplace. This steel laptop prop will elevate your screen to a better height for your posture, reducing the hunch from using a laptop. The prop puts your laptop keyboard in a more suitable angle for your wrists when constantly typing. A steel laptop stand is perfect for people working in a home office. The stand has a grip on the base to keep it secure on work surfaces as well as your lap. We equipped the laptop prop with padded bumpers at the laptop contact points for added protection for your hardware. Open space below the stand promotes airflow to help keep the laptop battery cool. This steel laptop prop stand is best fit for laptops 13" and under.

INSTRUCTIONS

Unbox your Laptop Prop, place your laptop on the Laptop prop, enjoy your brand new setup!
