DESCRIPTION

The Under Desk Laptop Mount provides a designated spot for laptops. No more hassle of trying to locate your lost laptop or figuring out where to put it when it's not in use. Mount the Under Desk Laptop Mount to the underside of your desk. With a size of 11.12" D x 19.5" W x 2.375" H, it's sure to hold a range of laptop sizes. The opening on the side of the mount makes it easy to charge your laptop or plugin other necessary cables. It has a carrying capacity of 50 Lbs. Vents are located on the bottom of the mount to help keep laptops cool when using them with external monitors and extensions. Additionally, it was designed with a lip on the back to keep items from slipping out.

INSTALLATION

1. Decide on an area under your desk where you would like to install the mount.
2. Make sure you are mounting your device to a sturdy, structured desk.
3. Once you decide on a desk and a spot under the desk, align the mount to your liking. Then, secure the UCM-877 to the mounting surface using our 1-1/4" Black screws.
4. Please make sure to check the thickness of the desktop you're installing into and the screw length you're using as we provide screws of 1-1/4" length for desk thicker than 1.5" . Shorter screws may be required for desktops with less than 1.5" thickness.
